Doing Business in Slovakia

ABOUT SLOVAKIA

Slovakia, officially known as the Slovak Republic, is a sovereign state in Central Europe covering 49,000 square kilometers, with a population of around five and a half million, according to 2013 figures.

Since GDP grew strongly from 2000 until 2008 - reporting 10.4% growth in 2007 - the Slovak economy was referred to as the Tatra Tiger.

Slovakia became an EU member state in 2004 and adopted the euro at the beginning of 2009. Its capital, Bratislava, is the largest financial centre in Slovakia. As of April 2017, the unemployment rate was 8.3%.

ECONOMIC & INVESTMENT

Foreign direct investment (FDI) in Slovakia has increased dramatically. Cheap and skilled labor, a 19% flat tax rate for both businesses and individuals, no dividend taxes, a weak labor code, and a favorable geographical location are Slovakia's main advantages for foreign investors.

Slovak service sector grew rapidly during the last 10 years and now employs about 69% of the population and contributes with over 61% to GDP. Slovakia's tourism has been rising in recent years, income has doubled from 2001 to 2005.
